

Monthly lectures by renowned scientists  
Mondays between 16:00 -17:00

UMCU  
Brain Center  
& CEN PhD  
program

# RUDOLF MAGNUS

seminar  
series

SAVE THE DATE!

22 January  
**Silvia Cappello**  
Brain development  
and disorders

29 April  
**Matthijs Verhage**  
Human synapse disorders

26 February  
**Eva-Maria  
Krämer-Albers**  
Extracellular vesicles  
in the CNS

27 May  
**Gabriella Viero**  
Translation dysregulation  
in neurodegenerative  
diseases

25 March  
**Alan Urban**  
Advantages in  
functional imaging  
of brain activity

24 June  
**Marta Roccio**  
Inner ear development  
and regeneration

**July & August**  
Summer break

30 September  
**Stephanie Fulton**  
Interaction between  
diet, obesity  
and mood

25 November  
**Sabine Spijker**  
Synapse  
maladaptation in  
neurodegeneration

28 October  
**Sten Linnarsson**  
Transcriptional  
profiling of complex  
networks in the  
brain

2 December  
**Frank Winkler**  
Malignant networks  
in the brain

UMC Utrecht
