

# RESEARCH ASSESSMENT PROGRAM 2026

---

*Natural and Life Sciences towards  
a Sustainable Society*

**VRIJE UNIVERSITEIT  
AMSTERDAM**

Visit dates:  
February 2-4, 2026

Welcome,

Thank you for joining us for this research assessment visit.

Over the coming three days, we look forward to engaging in meaningful discussions and insightful exchanges as we present the work and vision of our Faculty of Science, specifically the research departments Amsterdam Institute for Life and Environment (A-LIFE), Chemistry and Pharmaceutical Sciences (CPS) and Physics and Astronomy (P&A)-LaserLab Amsterdam.

This visit provides a valuable opportunity to reflect on our academic culture, PhD training and policies, open science initiatives, and human resources practices. We are pleased to share our accomplishments, address your questions, and explore new pathways to further strengthen excellence in education and research.

On behalf of the entire faculty, we extend a warm welcome and wish you a productive and enjoyable stay.

Kind regards,

On behalf of the Research Assessment Coordination Team  
Faculty of Science, Vrije Universiteit Amsterdam
